### FROM THE NAVIGATOR

Throughout our second day at sea we will steer a series of westerly courses through the Indian Ocean towards Colombo. Upon reaching the southern shore of Sri Lanka, we will make landfall in a position off of Dondra Head, before altering to the north west and following the south western coastline of Sri Lanka towards Colombo.

### SUNRISE AND SUNSET

Sunrise: 6.34am / Sunset: 7.02pm

### NAUTICAL FACT OF THE DAY CUT AND RUN

If a captain of a smaller ship encountered a larger enemy vessel, he might decide that discretion is the better part of valour, and so he would order the crew to cut the lashing on all the sails and run away before the wind. Other sources indicate "Cut and Run" meant to cut the anchor cable and sail off in a hurry.
